

9215 - BURTONS MIXED PRACTICE VIDEO GASTROSCOPE

END-KW9215

PRODUCT DESCRIPTION

The Burtons 9215 videoscope has been designed to meet the needs of a busy equine practice

The narrow diameter of 9.2mm makes passing the scope and guttural pouch flushing much simpler, whilst the 1500mm working length allows for tracheal washes under direct vision with a large 2.8mm channel.

Its 4-way angulation system allows easy navigation, and a 2.8mm biopsy channel enables 2.3mm instruments to be used for taking larger biopsy samples

Record still and video images direct to SD card or view your images on your laptop or video monitor.
