

BURTONS LIFE TIME GLASS WALK-IN KENNEL DOOR

131-100-G-BUNDLE

PRODUCT DESCRIPTION

Burtons range of walk in stainless steel, toughened glass kennel doors and our pen systems are built to last. All manufactured from high quality stainless steel here in the UK and are easy to install.

Burtons '**LifeTime**' range of glass walk-in gates are constructed in stainless steel with toughened glass panels. These gates are ideal for all dog wards and isolation wards alike. Each gate is manufactured in 30mm tubular square section frame with mitred, heli-arc welded corners & barrel hinged for maximum strength. The toughened glass panel is glued and means no bottom frame bar to trip over!

Built with a robust secure self-locking latch with an optional hidden internal release catch that enables you, not the animal, to release the door from the insides. The self-locking heavy duty latch can also be padlocked for added security. Each gate is universally left or right hand hinged and can be reversed easily on site.

Due to every project having its own unique requirements all of our doors and fixings are sold separately so that you can order the correct fixing method for your pen. For more information please see our walk-in guide.

Features

- Stainless steel self-latching gate latch is designed for one-handed opening and closing, with the ability to accommodate a padlock for greater security
- Easy clean, toughened glass
- Stainless steel latch keeper latches door securely
- Heavy stainless steel die formed barrel style hinges operate smoothly for the life of the gate
- Latch connector bar is finger notched for smooth, easy opening
- Heavy stainless steel latch brackets are fully adjustable for smooth operation
- Guaranteed to last a lifetime!

Sizes

Choose from our range of standard stock sizes or custom built to suit your requirements.

All of our standard gates are 196 cm high overall. Choose from our range of standard sizes, available from stock or ask us to quote for custom built or bespoke sizes. If you require a site visit or need assistance in sizing your gates please call our sales team on 01622 834300 and we can arrange for one of our team to help you choose your perfect gate arrangement.

Full pen systems designed around you....

Unlike block or tiled walls our stainless steel partitions will not be lifted or eroded away by scratching, and thanks to the minimal number of joints they can be effectively cleaned and disinfected.

We are also able to offer extras such as stainless steel roof grille's which will allow your pens to house cats and other climbing animals, double skinned sound deadened partition panels, visitation side panels, double door openings and optional back panels.

Contact our sales team to arrange for one of our customer support Representatives to contact you to arrange a site visit.

Design

If you are building a new facility, do not make the mistake of building the kennels partition walls and then having to pay a fortune for bespoke sizes gates. At Burtons, we offer a completely complimentary custom design service, Using the latest computer-aided design software and manufacturing processes we can design, build and install tailor made kennel systems to suit your specific requirements and available spaces.

Contact our sales team to arrange for one of our customer support Representatives to contact you to arrange a site visit.

Full range of accessories

We have one of the widest ranges of walk-in essentials from clipboards to IV hooks. Many of which are completed in matching 304-grade stainless steel for a hygienic, easy to clean, long life durability.

Manufactured to last

We don't just supply it! It was designed and built by Burtons in the UK at our principle manufacturing facility in Maidstone, Kent Using the latest CNC's and laser manufacturing processes and high-quality stainless steel materials this product has been engineered from the ground up to last!
