PRODUCT DESCRIPTION

An ultra-quiet, electric tilting examination table package complete with standard length flat top

Get your patient to the correct position with ease with the Burtons Pro-Lift mono. With adjustable height controlled using the electric powered ram, reducing repetitive strain and ensuring maximum comfort. Its simple controls enable you to adjust the table height from 690mm to 1090mm and the built-in manual tilt allows you to get optimum angle and positioning for all examinations.

With a standardised table top fitting this table can be configured for your needs allowing for most of the Burtons table top range to be fitted with additional heated and lead lined options available.

Electric Height Control

Enjoy ease of use around your practice with built-in battery, allowing you to work wherever you need, and don’t be afraid of it losing power, the table can be used directly from mains as a backup.

The Frame

Made up of a single, heavy duty, electric ram the simple design of this table base allows for quick and easy cleaning. All supported on a heavy duty stainless steel base with four anti-static medical grade, lockable castors, ensuring smooth and easy manoeuvrability around the practice.

Standard Flat Top

Standard flat top constructed of high quality stainless steel. Welded and polished corners allow the top to be thoroughly wiped clean with no hidden dirt traps. Complete with tie down points to secure the patient.
