

EPM12 MULTI-PARAMETER MONITOR

EPM12VET-BUNDLE*

PRODUCT DESCRIPTION

The ePM12 monitor enables you to retrofit the modules you need for your practice

The ePM12 includes all of the original much loved features of the IPM12 but with a brand new look and added modern advancements. The tilted touchscreen monitor is incredibly clear, allowing easy viewing from all angles, it also has a sensitive touch response for quick and easy usability. Its dashboard allows you to set viewable ranges and alarms, with a simple night mode option that allows for less disruptive monitoring for your patients.

The module access panel on the back has also been updated, with a pull up section to protect module ports when not in use. Simply purchase the extra modules when needed, and plug them in.

Key Features:

- Supports the following parameters: CO2, 4-IBP, C.O, AG, O2.
- Retrofit extra parameters by purchasing the following modules: CO2, CO2/IBP, Multi-gas
- Slanted screen for easy viewing
- All new dashboard with parameter ranges
- Dark mode for less disruption
- Clear, sensitive touch screen
- CrozFusion technology - Joint analysis of ECG, SpO2 signals guarantees stable and accurate performance during periods of poor contact or electrical interference. Reduces false arrhythmia alarms and alleviates alarm fatigue.
- Smart lead-switch & visible alarm - automatically switches to an available lead if the main ECG lead detaches ensuring continuous monitoring.
- Memory for up to 25 customised configurations
- No fan design keeps fur out of equipment and means no internal dust, extending the life of the monitor
- Includes all requires accessories, so you can plug in and start using straight away
