PRODUCT DESCRIPTION

Same industry leading VETair… now OIL-FREE!

* **Hand-pieces not included - can be bought seperately**

The Burtons VETair Classic retains all of the key features of its predecessor, the original VETair, but now comes with an inbuilt oil-free compressor, lowering lifetime maintenance cost by removing the need for oil changes. As well as the ongoing servicing cost benefit, going oil-free removes all possibility of oil contaminants in the airlines, thus protecting the patient.

Oil-free compressors can be notoriously noisy, but we have re-developed our new dental range to incorporate the same technology as in our large oxygen concentrators for piped gas supplies, where compressor noise is also a known issue. A clever combination of spring-mounted components and delay timer tech softens the inertia of starting and stopping the pump, giving you a gentler, quieter compressor action for stress-free dental procedures.

Key Features

• Complete Burtons Lifetime stainless steel frame – durable, robust, easy-clean;
• Oil-free compressor for lower maintenance dental machine, with lower ongoing servicing costs and zero risk of oil contaminants entering the air lines;
• Includes Burtons' own noise-dampening technology for quieter air compressor engagement;
• Three-station control unit – includes connections for high- and low-speed hand-pieces, as well as a three-way syringe

(water/air/mist);
• Connects seamlessly to your dental scaler, using the single onboard water supply;
• Concealed internal storage drawer at an ideally accessible height – perfect for keeping machine accessories;
• Coiled, robust leads, kept neatly out of the way on the VETair's integral cable tidy hooks and loops;
• Enclosed four-way power socket for any accessories;
• Fully mobile, solid four-wheel base with independent wheel locks;
• Neatly stores under your knee-space tub table when not in use;
• Full warranty, supported by Burtons' nationwide Service Team;
• Designed and manufacture by Burtons in the UK.

Technical Specs:

• Dimensions: 780 x 570 x 430mm HWD • Weight: c52kg
• Power: 240v AC, 50/60hz, 3.6 Amp, 500W
• Volume: 55 dB(A)
• Reservoir capacity: 15l

S/N: 048453
