

WELCH ALLYN PANOPTIC PLUS OPHTHALMOSCOPE

WA118-3

PRODUCT DESCRIPTION

Expand your view

Handle not included - sold separately

Change your view with our next-generation wide-view, handheld ophthalmoscope

Redesigned with a familiar form and feel, this direct ophthalmoscope boasts a 20X larger viewing area. When compared to the view through a standard ophthalmoscope, these are views you have to see. We've listened to countless providers and have added Quick Eye™ alignment technology, to help direct patient gaze for better optic disc alignment. Paired with long-lasting LED lamps, and DuraShock™ technology, upgrade from your standard or pocket ophthalmoscope to enhance your eye exams.

The PanOptic Plus ophthalmoscope is compatible with our 3.5 V power sources or pair with the Lithium-Ion Plus power handle for increased efficiency.

Key Features

- 20X larger viewing area when compared to a standard or pocket ophthalmoscope
- Long-lasting LED illumination cuts down on the need for lamp replacement
- Quick Eye alignment lights on the patient side help you direct patient's gaze
- Compatible with all Welch Allyn 3.5 V power handles and wall transformers
