

HEINIGER OPAL 2 SPEED CLIPPER

HNG-709-001-70A-40

PRODUCT DESCRIPTION

Extremely quiet, powerful and cordless. The Heiniger Opal Clipper allows you to work effortlessly.

The Opal is extremely quiet, minimising stress for your nervous patients.

It is also impressively powerful and equipped with two speed levels. With 3100 double strokes per minute in fast mode (and 2600 in slow mode), this clipper works smoothly and quickly even through dirty and thick fur and hair. The latest lithium-ion battery technology ensures cordless clipping up to 240 minutes. It takes just one hour for a full battery recharge. Thanks to the built-in battery level indicator, it is always possible to check the remaining battery time.

Opal has a cutting-edge ergonomic design and fits perfectly in the hand. Moreover, this clipper is particularly small and lightweight. Professionals can thus work effortlessly - whether for grooming, veterinary applications or dog, horse and cow styling.

We recommend lubricating the clipper head of your speed clippers, as insufficient lubrication results in overheating and reduced durability of the blades!

To keep your clipper blades in top condition, simply:

- Oil the clipper blades with a few drops during and after clipping, and wipe off any excess oil with a dry cloth.
- Check which clipper you have, as some run at higher speeds, meaning the blades will heat up quicker. Regular lubrication is even more important for these.
